CONNOLLY ROLL-A-GRILL "...the ONLY Way to Cook SKINLESS FRANKFURTERS!"

So says the luncheonette supervisor of a large chain organization.

Yes, the exclusive Roll-A-Grill method is proving to be the best possible way to cook skinless frankfurters, as well as other types of sausages. The heating elements of Roll-A-Grill rotate back and forth in a unique rhythmic motion, grilling the frankfurter evenly on all sides — self-basting it — sealing in the natural juices to retain maximum flavor of the meat!

**IDEAL FOR DEMONSTRATION — FOR RESEARCH
SIMPLE TO OPERATE!
JUST PLUG IN — NO INSTALLATION NEEDED
NO SMOKE—NO ODORS**

**WILL MAKE YOUR FRANKFURTERS LOOK BETTER — TASTE BETTER!
IDEAL FOR SKINLESS TYPES—FINE FOR OTHER SAUSAGES, TOO!**

**Gleaming, stainless steel construction.
Sanitary and attractive, easy to keep clean.**
